**COUNTY OF LOS ANGELES  
DEPARTMENT OF AUDITOR-CONTROLLER**

LOS ANGELES, CALIFORNIA 90012-2766

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple St  
Los Angeles, CA 90012

Dear Supervisors:

**RECOMMENDATION TO EXTEND THE MASTER AGREEMENTS  
FOR AS-NEEDED CONTRACT AUDITS/STUDIES  
(ALL DISTRICTS AFFECTED) (3 VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Authorize the Auditor-Controller to execute an amendment, substantially similar to Attachment II, to extend the current Master Agreements for as-needed contract audits/studies with each of the 70 firms listed on Attachment I, effective July 1, 2006 through December 31, 2006.
2. Authorize the Auditor-Controller to execute Work Orders issued under the Master Agreements.
3. Increase the Maximum Contract Sum 10% (\$800,000) for the term of the Master Agreements Extension.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

On July 17, 2001, your Board approved and executed the existing nonexclusive Master Agreements for as needed Contract Audits/Studies for each firm deemed qualified based on the evaluation criteria contained in the Request for Proposals (RFP) issued in 2001. In addition, during the ensuing three-year period and the optional two-year extension period your Board approved and executed subsequent amendments, updates, and the addition of new Master Agreement firms that met all minimum requirements and qualifications as outlined on the RFP issued in 2001.

*"To Enrich Lives through Effective and Caring Service"*

The Honorable Board of Supervisors  
June 27, 2006  
Page 2

We are requesting that you authorize the Auditor-Controller to extend Master Agreements with each of the firms identified on Attachment I through December 31, 2006. The approval of the recommended action will enable the continuation of uninterrupted contract audits/studies while the Auditor-Controller develops a new Master Agreement.

The extension of the Master Agreements will allow the Auditor-Controller sufficient time to solicit new firms and negotiate new Master Agreements which will provide the County independent audits/studies and professional expertise and guidance. Upon completion of Master Agreements negotiations, the Auditor-Controller will seek approval from your Board.

During its 18 years, the Master Agreement Contract Audits/Studies processes have been very successful. We have contracted with our Master Agreement firms for 303 projects ranging from small financial audits to comprehensive management reviews. The authority enabled the Auditor-Controller to respond quickly when Audit Division staff was unavailable, and to obtain expertise that our staff does not possess. The Audit Division has closely reviewed the contractors' performance to ensure the County received high quality services.

#### Implementation of Strategic Plan Goals

These Agreements are (collectively) one of the tools the Auditor-Controller uses to monitor financial procedures and internal control standards, and provide expert advice to policymakers and managers to improve accountability, efficiency, and effectiveness of County operated programs. Therefore, the Master Agreements support the County's Strategic Plan Goals of Organizational Effectiveness and Fiscal Responsibility.

#### **FISCAL IMPACT/FINANCING**

Approval of the Master Agreements for as-needed contract audits/studies through December 31, 2006, will not commit the County to expend any funds until such time as the Master Agreement firms bid on and are selected to complete individual projects.

The appropriation authorization to cover payment for as-needed contract audits/studies has been requested in the departments' or the Auditor-Controller's 2006-07 budget. The cost of most Master Agreement projects is funded by the affected department's budget. The maximum contract amount for the Master Agreement extension is \$800,000.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Each of the firms we are recommending for a Master Agreement extension has been pre-qualified for one or more of three Project Types: financial/compliance audits, management audits, and special studies (See Attachment I).

When individual projects can be most expediently and/or cost effectively performed by an independent contractor, we prepare the solicitation documents and notify all firms pre-qualified for the specific project type. To allow all firms to compete for larger projects, each firm is given the opportunity to form project teams by subcontracting with other firms.

After interested firms submit proposals to the Auditor-Controller, an evaluation committee, often composed of individuals from multiple departments, reviews the proposals and recommends a firm for a project. As previously agreed with your Board, we will inform you in writing of each proposed project which exceeds \$100,000, prior to finalizing the contract. The notice will outline the scope of the specific project.

The Auditor-Controller has evaluated and determined that the living wage program (County code Chapter 2.201) does not apply to the recommended Master Agreements. The Master Agreement Amendment (Attachment II) has been approved to form by County Counsel.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

At your Board's discretion, the Auditor-Controller is planning future management audits of County departments. Additionally, there are several annually recurring audits that have been conducted by Master Agreement firms. The Master Agreements extensions will give the Auditor-Controller the flexibility to efficiently contract for any needed expertise or manpower to perform any of these audits.

Respectfully submitted,

J. Tyler McCauley  
Auditor-Controller
